About Company

Unique Steel Centre is a trusted name in the retail and wholesale hardware industry, specializing in providing high-quality steel products and a comprehensive range of hardware solutions. Our expertise lies in delivering durable materials, from structural steel to specialty tools, catering to the diverse needs of builders, contractors, and industrial professionals.

With a commitment to excellence and customer satisfaction, we offer a wide selection of products that meet the highest industry standards. At Unique Steel Centre, we are dedicated to ensuring that our clients have access to the best materials, whether for large-scale construction projects or smaller, custom applications. Our team of experienced professionals is focused on delivering value, offering expert guidance, and ensuring timely deliveries. We take pride in building strong relationships with our customers by providing reliable services, competitive pricing, and unmatched product quality.

Welcome Message

Rajeshwaram DInesh
Ceo Company

It gives me great pleasure to welcome you to Unique Steel Centre. Since our inception, we have strived to build a company that stands as a pillar of trust, quality, and customer service in the hardware and steel industry. We are proud to serve a diverse clientele, from large construction firms to individual builders, providing them with the essential materials needed to create enduring structures.

At Unique Steel Centre, we believe in fostering long-term relationships with our customers by delivering not just products but solutions. Our mission has always been to offer top-tier materials at competitive prices, while maintaining the highest levels of professionalism and integrity. We continuously evolve, investing in modern technologies and expanding our product range to better meet the ever-changing demands of the industry.

As the CEO, I am proud of the dedication and passion of our team, whose commitment to excellence has been the driving force behind our success. I invite you to explore what we have to offer and experience the quality and service that defines Unique Steel Centre. Thank you for choosing us as your trusted partner.

Vision & Mission

Vision

To be the leading provider of innovative steel and hardware solutions, recognized for our commitment to quality, reliability, and customer satisfaction across the retail and wholesale sectors. We aim to set the standard for excellence in the industry, driving growth and success through continuous improvement and strong partnerships.

Mission

- To deliver high-quality steel and hardware products that offer value and durability.
- To provide exceptional, customer-focused service.
- To build lasting relationships through timely and cost-effective solutions.
- To innovate and adapt to meet evolving market needs.

Our Products

At Unique Steel Centre, we offer a comprehensive range of high-quality steel and hardware products, designed to meet the demands of both retail and wholesale customers. Our product line up includes:

1. Steel Products
   - Purlins: Z-purlins, C-purlins, galvanized purlins.
   - Roofing Sheets: Corrugated sheets, color-coated roofing sheets, galvanized sheets.
   - Flats & Plates: Mild steel flats, stainless steel flats, carbon steel plates, galvanized plates, checkered plates.
   - Solid Bars: Mild steel round bars, stainless steel bars, square bars, high-tensile bars.

2. Pipes and Fittings

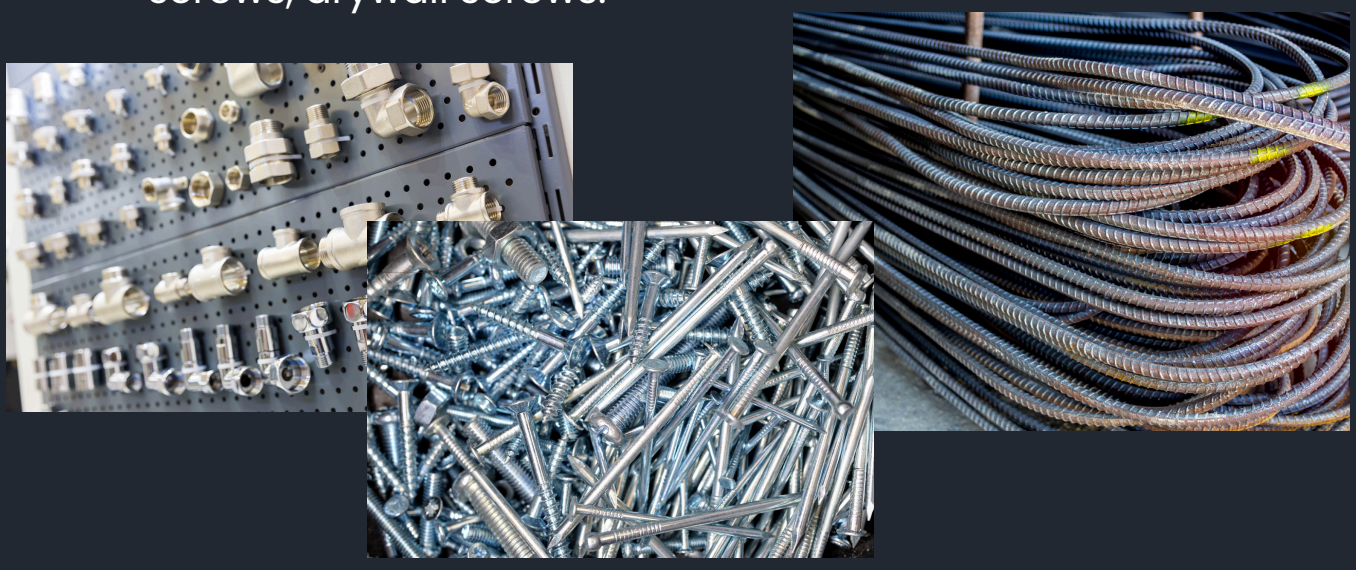
- Steel Pipes: ERW steel pipes, seamless steel pipes, square and rectangular pipes.
- PVC Pipes and Fittings: Pressure pipes, drainage pipes, PVC elbows, PVC tees, pipe clamps, pipe hangers.
- PRP Pipes and Fittings: Reinforced plastic pipes, fittings for water supply, pressure, and chemical handling.
- Valves: Ball valves, gate valves, butterfly valves, check valves, industrial-grade valves.
- Fittings: Flanges, couplings, pipe reducers, elbows, unions, pipe caps.

3. Thread Bars and Accessories

- Thread Bars: Mild steel threaded bars, high-tensile threaded bars, galvanized thread bars.
- Accessories: Thread bar couplers, anchors, nuts, washers, plates.

4. Fasteners

- Bolts: Hex bolts, anchor bolts, eye bolts, U-bolts, carriage bolts, stainless steel bolts.
- Nuts: Hex nuts, lock nuts, flange nuts, wing nuts.
- Washers: Flat washers, spring washers, lock washers.
- Screws: Self-tapping screws, wood screws, machine screws, drywall screws.



5. Electrical Products

- Cables and Wires: Power cables, copper wires, aluminum cables, armored cables.
- Switches and Sockets: Industrial-grade switches, distribution boards, plug sockets.
- Conduits and Accessories: PVC conduits, flexible conduits, conduit clamps, junction boxes.

6. Insulation Sheets and Tubes

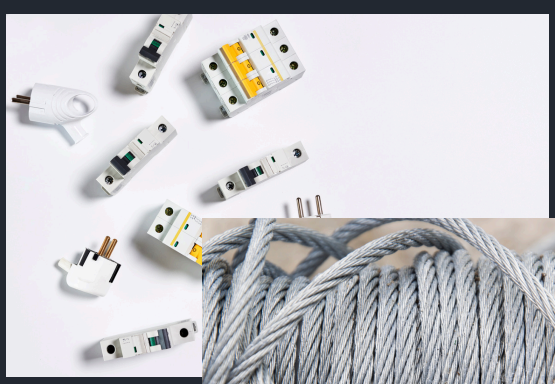
- Insulation Sheets: Polyurethane foam sheets, polystyrene foam sheets, glass wool sheets.
- Insulation Tubes: Rubber insulation tubes, polyethylene foam tubes, fiberglass tubes.

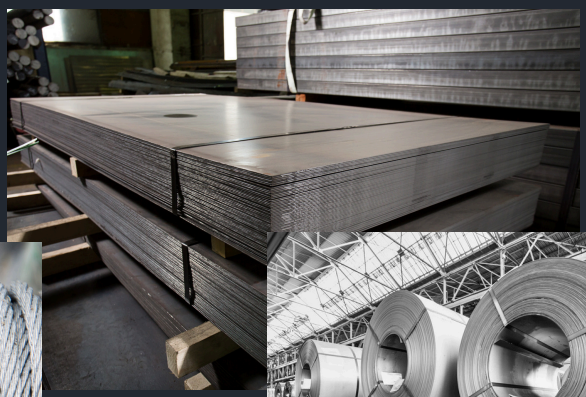
7. Wire Ropes and Accessories

- Wire Ropes: Stainless steel wire ropes, galvanized wire ropes, PVC-coated wire ropes.
- Accessories: Thimbles, shackles, turnbuckles, wire rope clips, pulleys, hoists.

8. Coils

- Steel Coils: Hot-rolled steel coils, cold-rolled steel coils, galvanized coils.
- Aluminium Coils: Plain aluminium coils, colour-coated aluminium coils.





9. Hollow Section

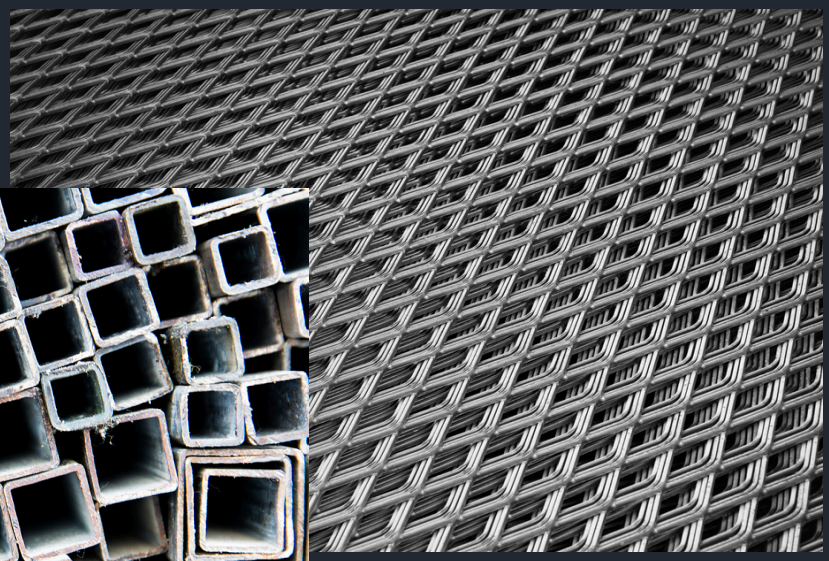
- Rectangular Hollow Section (RHS): Mild steel RHS, galvanized RHS.
- Square Hollow Section (SHS): Mild steel SHS, galvanized SHS.
- Circular Hollow Section (CHS): ERW circular hollow sections, seamless hollow sections.

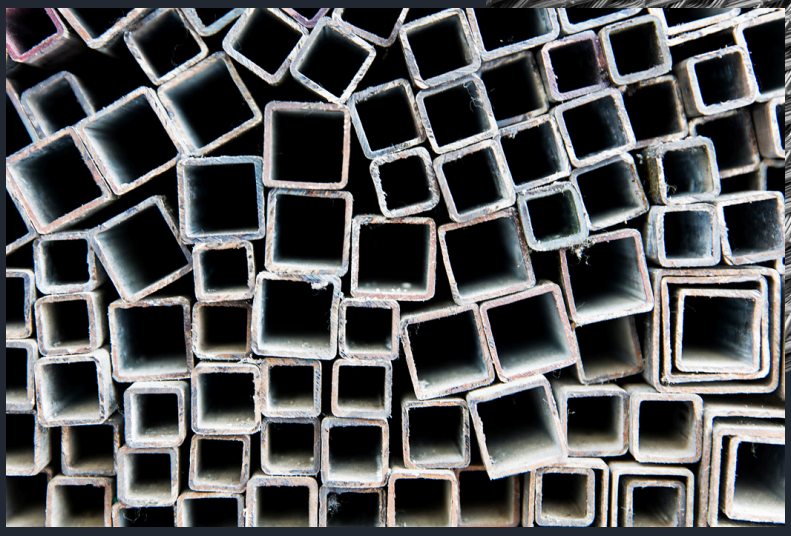
10. Mesh Solutions

- Welded Wire Mesh: Galvanized welded mesh, stainless steel welded mesh, PVC-coated welded mesh.
- Expanded Metal Mesh: Flattened expanded metal, raised expanded metal, stainless steel expanded mesh.

11. Expanded Metallic Products and Perforated Sheets

- Expanded Metal Products: Heavy-duty expanded metal, decorative expanded metal, micro expanded metal.
- Perforated Sheets: Stainless steel perforated sheets, aluminium perforated sheets, mild steel perforated sheets, round hole, square hole perforation patterns.



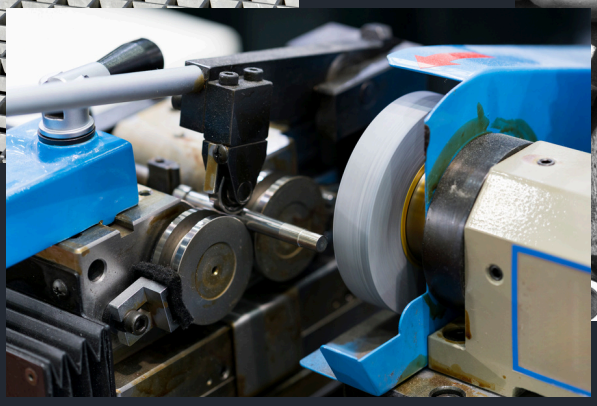


12. Gratings
- Steel Gratings: Press-locked gratings, welded gratings, heavy-duty gratings.
- Fiberglass Gratings: Moulded fiberglass gratings, pultruded fiberglass gratings.

13. Hoop Iron and Ingots
- Hoop Iron: Galvanized hoop iron, stainless steel hoop iron.
- Ingots: Mild steel ingots, stainless steel ingots, aluminium ingots, copper ingots.

14. Industrial Tools
- Hand Tools: Hammers, wrenches, screwdrivers, pliers, cutters.
- Power Tools: Drills, angle grinders, impact wrenches, electric saws, rotary hammers.
- Measuring Tools: Tape measures, spirit levels, laser measuring tools.

15. Cutting and Grinding Tools
- Cutting Tools: Metal cutting blades, diamond blades, saw blades, cutting discs.
- Grinding Tools: Grinding discs, grinding wheels, abrasive wheels, flap discs, sanding discs.



16. Safety Equipment

- Personal Protective Equipment (PPE): Safety helmets, safety gloves, eye protection, hearing protection, high-visibility clothing.
- Safety Harnesses and Ropes: Fall protection harnesses, lanyards, safety ropes.
- Footwear: Steel-toe safety boots, anti-slip shoes.

17. Industrial Services

- Steel Fabrication: Custom steel fabrication services for structural and non-structural elements.
- Cutting and Bending: Precision cutting, laser cutting, CNC bending services.
- Galvanizing: Hot-dip galvanizing for corrosion-resistant steel products.
